BACKGROUND

Over the past 80 years, the International Rescue Committee (IRC) has developed unparalleled expertise in responding to emergencies and helping uprooted communities to rebuild. Founded in 1933 at the request of Albert Einstein, the IRC offers lifesaving care and life-changing assistance to refugees forced to flee from war or disaster.

The International Rescue Committee UK is part of the IRC global network, which has its headquarters in New York and London. The IRC is on the ground in more than 40 countries, providing emergency relief, relocating refugees and rebuilding lives in the wake of disaster. Through 22 regional offices in cities across the United States, the IRC also helps refugees resettle in the US and become self-sufficient.

The IRC is committed to a culture of bold leadership, innovation in all aspects of our work, creative partnerships and, most crucially, accountability to those we serve. The IRC is a tireless advocate for the most vulnerable.

IRC-UK

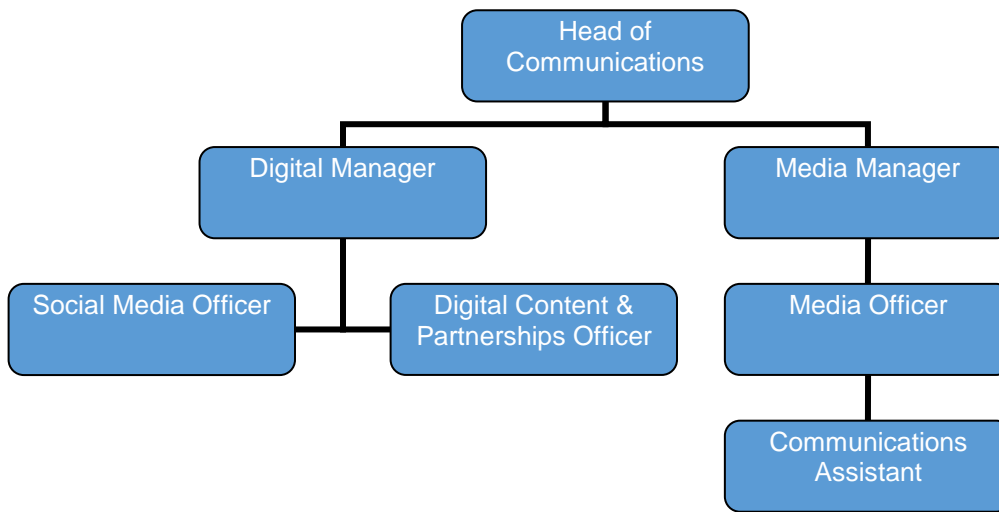

Our European headquarters, IRC-UK, were established in London in 1997 to support the organisation's global activities and particularly to diversify its donor base and be able to better advocate with European policy-makers on behalf of the people we serve. Since its establishment IRC-UK has grown rapidly and is now acknowledged for its high quality project management, technical expertise in governance and rights and economic recovery, and innovative thinking on early recovery and gender based violence. The IRC also has offices in Berlin, Brussels and Geneva.

IRC-UK comprises approximately 90 staff across five departments.

The Policy & Practice UK Department

Policy & Practice is a dynamic team combining our communications, policy and advocacy, and technical unit expertise in Europe. Its core purpose is to raise and develop the IRC as a thought leader in Europe and drive transformational change in the humanitarian sector, and specifically to dramatically increase the productivity of humanitarian aid and its ability to achieve outcomes for people living in and displaced by conflict and crisis.
